The Association of Educational Sciences, our international association of academics and researchers organizes its

9th International Conference on Theory and Practice in Education

**26-27 November 2017,
Budapest, Hungary**

Our mission is to sustain professional discourse: we are dedicated to connect scholars and professionals worldwide in the field of education, in order to facilitate international academic cooperation.

We welcome presentations related to **EDUCATION**, on a wide range of fields, such as teacher training, didactics, curriculum development, teaching methods and styles, art education, language education, sport education, health education, museum pedagogy, educational technology, ethics in education, early childhood education, elementary education, secondary education, special education, and other education-related themes.

The language of the conference is English.
